

'KEEPING IT TOGETHER'

Family Support and Information Guide For residents in the City of Casey

**Produced by
Casey North Community Information & Support Service
www.caseynorthciss.com.au**

2020

Introduction

The Keeping It Together program has been developed by Casey North Community Information & Support Service to assist families that are dealing with issues that place pressure on those families and often lead to family breakdown.

Since our service established in 1997 we have identified that Family Breakdown is one of the major problems that the families we support are dealing with. The every day pressures of life and increasing cost of living places a great deal of stress on many families. However, we also know that there are services available to assist families to overcome these issues and the 'Keeping It Together' brochure has been developed so that families needing support know where to turn.

In addition to the brochure Casey North Community Information & Support Service has also developed support programs as part of the 'Keeping It Together' project including, support groups, financial counselling and education and other key services.

Every effort has been made to ensure that the information contained in the guide is correct at the time of printing, however we recognize that as soon as such a document is published details can change. If you find this to be the case please contact Casey North CISS or Cranbourne CISS (contacts contained in the guide) and updated information will be provided.

Gambling

While most people gamble to relax and have fun, for some people gambling can change and develop into a problem. When that happens, gambling can play too big a role in a person's life and hurt them, their family, friends and the people who care for them.

People with gambling problems may find it difficult to deal with the problem on their own. Talking to some one is one way to work through the problem. Refer Problem Gambling web site, www.problemgambling.vic.gov.au www.responsiblegambling.vic.gov.au www.gamblinghelponline.org.au

Gamblers Help

Immediate Telephone Support
Gambler's Helpline is a free, confidential 24hour, seven day a week service with professional counsellors available for confidential telephone counselling, information and referrals. Access to interpreters is available for Non-English speaking callers.

Technology and Safety - Useful Links

While technology has increasingly become an important way for women to connect with family and friends, in the last few years it has been used as a tool for perpetrators seeking to stalk and abuse women.

Women have the right to use technology freely and safe from abuse. The resources here will help increase awareness about using technology safely.
